\$20 Beauty Treatments 5c

No Lotion, Cream or Cosmetic Will Do As Much for Your Complexion As Borax.

Creams, lotions and cosmetics only cover up the defects of the complexion and oftentimes clog up the pores of the skin. This is working against nature, for it is not natural for the pores to be clogged up, and the result is a yellow, sallow, lifeless complexion.

If you would have a beautiful, soft, white skin, free from disfiguring blackheads, pimples, etc., cleanse the skin in this way: To a quart of hot water add a tablespoonful of powdered Borax, and it will be ready for use almost immediately. Bathe your face and hands for several minutes morning and night in the usual way. Then finish with a dash of cold water to close the pores, and dry thoroughly.

A score of other beauty secrets are given in the little booklet, "The Magic Crystal," which will be sent free upon request. Pacific Coast Borax Co., 1650 McCormick Bldg., Chicago.

Twenty Mule Team Borax is sold by all dealers everywhere in convenient 10 and 15c packages. Be sure you get the genuine Twenty Mule Team brand.

GREATEST OF ALL ILLS THAT AFFECT HUMANITY.

By MRS. SAMUEL M. RALSTON

Indiana's Leading Lady Pleads For
"Red Cross Seals" to Down the
Great White Plague.

Now that we are approaching the annual Christmas season when all the world is—or should be—happy, it behooves us to remember that there are duties due the community in which we live. Greatest of all the ills that affect humanity is "The Great White Plague." This dread disease is no respecter of persons. It mows down each year the flower of our manhood and womanhood in Indiana, and let us not forget for a single moment the appalling toll it reaps among the little children. The beautiful custom of buying and using Red Cross Christmas seals has grown year by year un-

til it is now recognized the nation over as a worthy institution,—perhaps might say the most worthy of all public movements.

The United States government grants special privileges to the Red Cross seal. In the annual campaign for the sale of these cheerful little Christmas stickers, workers are drawn from every walk of life. Backed by the beautiful influence of the American Red Cross, the committees selling Red Cross seals in practically every county in Indiana is now facing a "whirlwind" period of the campaign. They are urging men and women of every station in life to contribute a small percentage of their incomes to this great movement which has for its object the ultimate eradication of tuberculosis.

Let the people of Indiana join hands

in this cause. Let them work in harmony with the Indiana Association for the Study and Prevention of Tuberculosis and its various county and city branches. In nearly every county in Indiana there now exists an organization which is striving to reduce the terrible death toll caused by consumption. If there is one in your community, lend your help.

Let all your December mail carry a Red Cross seal. Let every express package and bundle carry one or more of these "bullets against tuberculosis." Remember that 4,000 Indiana men, women and children fall victims each year to "The Great White Plague." Remember that there are now living in this state between 30,000 and 40,000 sufferers from this disease. Help protect yourself and your loved ones by buying Red Cross seals.

"DON'T WALK ACCORDING TO STYLE!"

JESSALYN VAN TRUMP.

"Wear your hair and your walk and your clothes and your manners, not according to styles, but according to your own sense of fitness, good taste and becomingness. It's bad enough to affect a style of hair, no matter how unbecoming, just because it is stylish. But when it comes to wearing a 'patterned' walk, it's time to think."

This is the "style" argument of Jessalyn Van Trump, leading movie lady.

COLD WAVE PROMISED.

WASHINGTON, Dec. 15.—No indication of a cold wave to cross the country this coming week can be seen at present, the weather bureau said in its Sunday night forecast. Continuation of temperatures near or above the seasonal average, is predicted, with precipitation generally light and local over most of the country. In the Pacific states, however, rains are expected to be frequent.

To insure the continued possession of good hair, two things are necessary—reasonable care and the intelligent use of *Newbro's Herpicide*.

Hair that receives no attention but the daily combing and an occasional shampoo, cannot be pretty. Dandruff forms on the scalp, the hair becomes dead, brittle, uneven and falls out. There is an entire lack of life, lustre and luxuriance which is imparted to the hair by proper care and *Newbro's Herpicide*.

By keeping the scalp clean and free from scale *Herpicide* demonstrates conclusively its power to eradicate the cause of dandruff. Hair that receives proper care and regular applications of this remarkable scalp prophylactic takes on a new beauty. It looks alive, ceases to fall out and has a gloss and sheen that is unmistakable.

There is an air of refinement and good breeding and an appearance of refreshing personal cleanliness about the person who uses *Newbro's Herpicide*. The odor is exquisite, which makes it a delightful hair dressing.

A SAMPLE BOTTLE AND BOOKLET FOR TEN CENTS

Send 10 cents in postage or silver for a sample bottle of *Newbro's Herpicide* and a booklet telling all about the hair and how to keep it beautiful. Address: THE HERPICIDE CO., Dept. 88 B, Detroit, Mich.
